AROUND the TOWNSHIP

The Rose family is about ready to settle down for the winter. Ed got back from the General Motors convention with his new model and a lot of enthusiasm. He says he had a swell time and learned a lot. Says the girls back there aren't as pretty as those in Washington township.

Gladys is back from a motor trip around the country. She sold her car and is planning on a new one. Chick is back from the hills with what may be the season's largest buck.

We have a compliment for Constable Henry Vervais. One of Niles' leading business men told us the other day that never before has Niles received such efficient service from a constable. Vervais has kept the town and the main street free of undesirables, has proved helpful and interested in all other matters under his jurisdiction and has maintained a high standard of courtesy in all his dealings with local people.

* * * *

Whenever any of Father McCarthy's parishioners put on a food sale, people should flock to buy the fresh bread. We bought a loaf the other day, still warm, and we found it the most delicious we had eaten in a long time.

* * * *

The Niles fire department is on the way toward obtaining a new fire engine. This is a fine thing. Niles has reached the proportions of a fair sized village and new equipment is necessary.

* * * *

The senior chamber of commerce is going to ask George Hellwig to tell us just what the chances are for a new Alvarado-Niles road. George has been working on the problem and expects an early solution. If he puts it across, he will deserve the thanks and support of the whole township.

Pop Straub says the replicas of the Santa Maria, the Pinto, et al, which have been sailing around the bay are well worth seeing. A replica of Cabrillo's ship first to find California, would be a good thing to show.

HUSKERS STOP CLARA BOYS

By TOM ESTUDILLO

The Washington High Cornhuskers took advantage of two scoring opportunities and stopped the Santa Clara Union High's powerful running attack last Friday to gain a 13 to 6 victory.

Some 700 fans of both Washington and Santa Clara saw Washington take possession of the ball in the first period of the game and hold it until the last two minutes of the first Quarter.

Washinyton scored all 13 points in the first quarter of the first half. The first touchdown was scored by Kakimoto on a long pass over left end from Rivers to Kakimoto who run 37 yards to the first touchdown. The extra point was then scored by Rivers who was kicking in the absence of Ahm the regular kicker who is laid up with a bad knee.

Kakimoto who has been named the galloping ghost of Washington scored the second touchdown when he received a punt and ran it back 51 yards with beautiful interference by Mellow and Costa. Rivers also tried for the extra point but fell a little to the left of the cross bars which ended the first quarter.

The game then slowed down for the remaining 3 quarters with Santa Clara scoring 6 points in the last few minutes of the last period by a very good passing attack bringing the ball from the Washington's 41 yard line to score.

Today Washington ventures off home territory to play Los Gatos. Their Coach Taylor says "Los Gatos is one of the hardest teams to beat, and if the boys play as a team we have a very good chance to win.

OVERPASS PLAN REFERRED TO STATE CHAMBER

NILES—John Kimber's proposed pedestrian over-pass to make the highway safe for school children will be forwarded to the annual meeting of the California State Chamber of Commerce at Los Angeles on October 28, 29, according to action taken at Monday's meeting of the local chamber. Request had been made for suggestions for highway safety.

Kimber submitted a sketch of the suggested over-pass at the intersection of the Canyon road and the new highway, a four-lane high speed thoroughfare which approximately 50 school children and other pedestrians must cross.

Representatives of a Neon sign company were present to submit bids for two signs but action was delayed pending decision of the Junor Chamber which had originated the project.

Supervisor George Hellwig is to be asked to next week's meeting to explain the status of the Alvarado-Niles road improvement program as members seemed in doubt as to what to do regarding reported circulation of a petition asking for improvements.

State Chamber Warns Against Tax Measure

NILES—A warning to voters not to support a petition being circulated to qualify an initiative constitutional amendment which would exempt from all taxation any real property and improvement owned by resident to the extent of $3500 of its assessed valuation was received by the Niles Chamber of Commerce at its luncheon meeting Monday in a letter from the State Chamber.

The letter sent by Almon E. Roth, chairman of the committee on governmental expenditure and takation, stated:

"The alluring appeal is being made to thousands of home owners that this proposal will exempt them from all taxation, and campaign funds are being solicited on this basis, with as much as 50 percent of the proceeds in some instances going to the solicitors.

"The California State Chamber of Commerce sees in this measure one of the most vicious threats against the stability of governmest in California yet to be devised. Officials of some counties have gone so far as to state their belief that this would narrow their tax base by as much as 90 per cent, and that some districts would have practically their entire tax base wiped out. This would pyramid government costs on non-exempt property and lead to tax delinquencies, removal of additional property from the tax rolls, and further narrowing of the tax base.

"A crushing tax burden would fall on rented homes, stores, apartments, industrial, utility and all other business property. Misled home owners, other property owners, and all taxpayers and voters must be aware of the seriousness of this proposal and its concealed dangers."

They came to Niles in '49 and settled on the ranch here, one of the largest holdings in the district. Nine children were born, all of whom are now deceased.

He did some heavy thinking in the Alameda County jail after he was arrested for drunk driving near Warm Springs, he told Judge J. A. Silva at the local justice court Friday. He also insisted that he was no common drunk and that he had been away from home two days and his family would worry about him. On top of that he made a call to his boss in San Jose, distributor of spaghetti and noodles, and opined that he was going to jail. None of which seemed to do much good for the judge reminded him that driving while under the influence of intoxicating liquor was a dangerous matter and handed down a $180 fine or 50 days in jail. In lieu of the cash, Rayner went back to jail. He resides at 1050 Kingsley ave., Palo Alto.

REGARDLESS THE PRICE---
The Same Service

EVERY year we conduct funerals in every price range—funerals for those in moderate circumstances and for people of wealth.—but in every instance, the same expert care and thoughtful attention to detail characterizes each service. The only difference lies in the selection of the merchandise. The family alone decides what shall be the cost of the funeral.

SCHOOL BUS

The Niles school district might as well reconcile itself to the fact that it will have to get a school bus. A bus will cost no more now than later.

Last Sunday we walked up the canyon and found it next to impossible to get across the 45-mile highway crossing with any safety. What is difficult for grownups is worse for children.

A school bus should be purchased before someone gets killed.

Talk of an overpass for the children has been heard but it will not prove effective. There will be no way to make the children use it and it will not solve the problem of those who live in the Cherry lane district.

An overpass will cost in the neighborhood of $1000 at least and the money might as well be spent on a bus.

There is no point in waiting until some child is killed. Do it now.

The best things Roosevelt has done since his re-election are his various pronouncements on foreign affairs.

The world is on the verge of a 100 years war of the sort that devastated central Europe at one time.

Britain is faced with the final dissolution of her empire. Japan is menacing her in the far east and Mussolini is complicating her far eastern defense by making the Mediterranean unsafe. Britain and her allies may be caught in a death struggle tomorrow with Mussolini, Hitler and the Japanese as her opponents.

There are some who argue that the U. S. cannot afford to stay out. They say that whichever set of nations wins in the coming holocaust abroad will, after their victory, become all-powerful and will force us to take a back seat.

Such talk is poppycock.

No one will win the next war abroad. Victor and vanquished alike will be reduced to direst poverty.

The United States should stay out of the trouble at all costs. Nothing should provoke us to war short of actual invasion.
